TENDER No. RACIDA/2018/DKH/02-K-KEN-2018-4073

Any attempt by a bidder to influence the evaluation committee in the process of examination, clarification, evaluation and comparison of tenders, to obtain information on how the procedure is progressing or to influence RACIDA in its decision concerning the award of the contract will result in the immediate rejection of his tender. No liability can be accepted for late delivery of tenders.

Late tenders will not enter the first round of bid evaluation. Only in case that the first round is not successful in qualifying at least 3 bids as administratively and technically compliant, late submissions may be scrutinised and included into the evaluation as per the joint decision of the tender committee.

15. Notification award and contract signature

The successful bidder will be informed in writing that its tender has been accepted (notification of award). RACIDA will send the signed purchase documents in two original copies to the successful bidder.

Within 2 working days following the reception, the successful tenderer will sign, date and send back the contract. The successful tenderer will have to communicate the number and exact references of the bank account where the payments will be executed.

If the successful tenderer fails to sign and send back the contract within 3 working days, RACIDA can consider after notification the award as null and void.

After selection, and before signature of the contract, RACIDA will inspect the equipment and the teams of the selected tenderer that will be allocated for the works. RACIDA reserves the right to de-select the tenderer if the quality and capacity is deemed not to be adequate or compatible with that stated in the tender document.

16. Ownership of tenders

RACIDA retains ownership of all tenders received under this tender procedure. Consequently, bidders have no right to have their tenders returned to them.

In this contract, the successful tenderer will be referred to as “the supplier”.

A contract draft is included in **Appendix G**.

If any remark or reserve were to be raised by the tenderer, they should be clearly written down in a free format document included in the tender. Such documents should include the tenderer’s proposal to replace the discussed sections of the contract.

TENDER No. RACIDA/2018/DKH/02-K-KEN-2018-4073

If the tenderer submits an offer with no clear feedback on **Appendix G**, then RACIDA will consider the submitted contract draft has been accepted in full by the tenderer; if the tendered is awarded the Contract, no discussion or request for change will be accepted on the Contract clauses.

18. Cancellation of the tender procedure

In the event of a tender procedure's cancellation, bidders will be notified by RACIDA.

If the tender procedure is cancelled before the outer envelope of any tender has been opened, the sealed envelopes will be returned, unopened, to the tenderers.

Cancellation may occur where:

1. The tender procedure has been unsuccessful, namely where no qualitatively or financially worthwhile tender has been received or there has been no response at all;

3. Exceptional circumstances or *force majeure* render normal performance of the project impossible;
4. All technically compliant tenders exceed the financial resources available;
5. There have been irregularities in the procedure, in particular where these have prevented fair competition.

Under no circumstances will RACIDA be liable for damages, whatever their nature (in particular damages for loss of profits) or relation with the cancellation of a tender, even if RACIDA has been warned of the possibility of damages.

The publication of a procurement notice does not commit RACIDA to implement the announced programme or project.

Appendix E: RACIDA's GOOD BUSINESS REGULATIONS

I. Preamble

RACIDA is a non-governmental organisation. Private, non-political, non-denominational and non-profit-making, it was set up in Kenya in 2005 to intervene in countries throughout the world. RACIDA's vocation is to save lives by combating hunger, disease, and those crises threatening the lives of helpless men, women and children.

RACIDA intervenes in the following situations:

- In natural or man-made crises which threaten food security or result in famine,
- In situations of social / economic breakdown, linked to internal or external circumstances which place particular groups of people in an extremely vulnerable position,
- In situations where survival depends on humanitarian aid.

These Good Business Regulations are the ground for a professional working relationship between RACIDA and the suppliers.

They are general regulations valid unless others particular conditions are mentioned in the contract. In case of conflicting terms within documents, the conditions of the contract or tender document will prevail on these Good Business Regulations.

II. Principles of the procurement procedures

RACIDA has transparent procedures to award markets. Essential principles are

- *Transparency* in the procurement process
- *Proportionality* between the procedures followed for awarding contracts and the value of the markets
- *Equal treatment* of potential suppliers

Usual criteria to select a supplier are:

- Authorisation to perform on the market
- Financial capacities
- Economic capacities
- Technical expertise
- Professional capacities

Usual criteria to award bids are:

- Automatic award (the cheapest offer complying with all requirements)

TENDER No. RACIDA/2018/DKH/02-K-KEN-2018-4073

- Best value for money (price/quality ratio)

III. Misbehaviour, ineligibility and exclusion

RACIDA considers the following misbehaviour as a valid ground for a systematic exclusion of an awarding market procedure and for the termination of all working relationship and contracts:

- **Fraud** defined as any intentional act or omission relating to:
 - The use or presentation of false, incorrect or incomplete statements or documents, which has as its effect the misappropriation or wrongful retention of RACIDA or institutional donors funds
 - Non-disclosure of information, with the same effect
 - The misapplication of such funds for purposes other than those for which they were originally granted
- **Active corruption:** to deliberately promise or give an advantage to an official for him/her to act or refrain from acting in accordance with his duty in a way which damages or is likely to damage RACIDA or institutional donors financial interests.
- **Collusion:** the co-ordination of firm's competitive behaviour, with the likely result that prices rise, output is restricted and the profits of the colluding companies are higher than they would otherwise be. Collusive behaviour does not always rely on the existence of explicit agreements between firms, but can also be tacit.
- **Coercive practice:** harming or threatening to harm, directly or indirectly, persons, or their property to influence their participation in a procurement process, or affect the execution of a contract.
- **Bribery:** to offer RACIDA employees monetary or in kind gifts in order to gain additional markets or to continue a contract.
- **Involvement in a criminal organisation** or any other **illegal activity** established by a judgement that has the force of *res judicata*.
- **Immoral Human Resources practices:** exploitation of child labour and the non-respect of basic social rights and working conditions of employees or sub suppliers.

RACIDA will exclude from a procurement procedure any candidate or tenderer falling into one of the following cases:

- To be **bankrupt** or to be wound up, to have affairs administered by the courts, to have enter into an arrangement with creditors, to have suspended business activities, to be the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations.
- To have been **convicted of an offence** concerning professional conduct by a judgement that has the force of *res judicata*.
- To have been **guilty of grave professional misconduct** proven by any means that RACIDA can justify.
- To have not fulfilled obligations relating to the payment of **social security contributions** or the **payment of taxes** in accordance with the legal provisions of the country in which they are established or with those of the country where RACIDA mission is operating or those of the country where the contract is to be performed.

TENDER No. RACIDA/2018/DKH/02-K-KEN-2018-4073

- They have been the **subject of a judgement** that has the force of res judicata for fraud, corruption, involvement in a criminal organisation or any other illegal activity detrimental to the Communities' financial interests.
- To have been declared to be in **serious breach of contract** for failure to comply with their contractual obligations in another previous procurement procedure.

RACIDA will not award contracts to candidates or tenderers who, during the procurement procedure:

- Are subject to a conflict of interest
- Are guilty of misrepresentation in supplying the information required RACIDA as a condition of participation in the contract procedure or fail to supply this information.

IV. Administrative and financial sanctions

In the event a supplier, candidate or tenderer is engaged in corrupt, fraudulent, collusive or coercive practices RACIDA will impose:

- **Administrative sanctions**

Administrative sanctions are the official notification of the misconduct to the relevant civil or commercial authorities and the immediate termination of all existing working relationships.

- **Financial sanctions**

RACIDA will request the reimbursement of the cost linked directly and indirectly to the conduct of a new tendering process or market award. If any, 2% the tender or performance guarantee will be kept by RACIDA.
